Declaration of Compliance

Manufacturer

Mpact Corrugated
44 3rd Street East
Walvis Bay Urban
Erongo, 13013
Namibia

Product

All corrugated board grades intended for food packaging.

Confirmation of Compliance: Paper packaging for food contact

Mpact Corrugated Walvis Bay cartons are manufactured from pre-selected raw materials, all comprising of the appropriate certification for food contact.

The paper grades used fulfil the requirements of the *BfR Recommendation XXXVI – Paper and board for food contact and/or FDA Code of Federal Regulations Title 21, Section 176.170/180 – Components of paper and paperboard in contact with food.*

The adhesives used fulfil the requirements of the *FDA Code of Federal Regulations Title 21, Section 175.105 – Adhesives.*

The printing inks are manufactured according to the *European Printing Ink Association – EuPIA guidelines.*

The finished boards were tested according to the requirements of FDA 21 CFR 176.170. The selected test conditions were based on the most severe foreseeable conditions of use. The finished boards comply with the requirements of FDA 21 CFR 176.170 – Components of paper and paperboard in contact with aqueous and fatty foods.

Based on the raw material compliance, finished board tests and employed good manufacturing practices, the products comply with Regulation (EC) 1935/2004 and are suitable for direct contact with foodstuffs.

Microbiological quality

The microbiological quality of paper-based packaging is not regulated; however, Mpact Corrugated products are compliant with the microbiological quality required for food contact application as per the German Society for Hygiene and Microbiology guideline.
